Barry Conservation Camp is operated by the UNH Cooperative Extension 4-H Program in cooperation with the N.H. Fish and Game Department. Located in the scenic White Mountain National Forest, Barry Conservation Camp provides a small close-knit community for its 40 campers and 11 staff. Small, cozy cabins house 7 campers and a counselor. Campers are grouped by age and gender. There are new and modern central toilets, shower facilities and a beautiful dining hall complete with a great kitchen which produces legendary meals.
